North Drive

Cemetery mapping is based on current plot assignments. Cemetery plots do not have to be reassigned. It is based on a locator number that always reads left to right. To view reports and maps on line go to: http://www.fremonttwnshp.com/Cem0625.pdf/FremontCem.html

Vital Information

An information screen is provided for each occupant on a site.   Occupant information is also provided in an alphabet listing.

Recommend that there be a manual system (backup) of cemetery records. The program will print out a record on stock forms. Doubleday Forms no longer has this form, and PrintTech in Mount Pleasant can print them.

The program will print out owner certificates. and transfers of ownership.

The Township Board of Fremont Township, Isabella County, Michigan

Hereby certify, and do grant to   ******Donald & Constance Denman*******
of   1045 Cutoff Rd., Farwell, MI 48622   his/her heirs, representatives,
and assigns, the perpetual and exclusive use of Lot No.   2   343   Union Cemetery II
for the sole purposes of burial, for which right said   Donald & Constance Denman
has paid the sum of $ 400.00   dollars.

The said lot is held, occupied, and improved according to the provisions of law, and the
By-Laws and regulations of said Township Board, as the may now or shall hereafter exist.

In testimony whereof, the said township board has caused
these presents to be signed by the clerk of said township
this 7th day of September in the year 2011

John R. Schimmelmann   Clerk

Compatibility:

Macintosh OSX 10.5 or higher

PC - Windows 7 and higher

Background

When elected as clerk in 2004 one of the first obstacles encountered was determining who was buried and where occupants of Union Cemetery and Taylor cemetery were located. There were owner cards, but beyond that occupants had to be looked up card by card. There were no alphabetic listings. A book contained lot numbers and its owner and who was buried in the plots, but again no quick way to find occupants. The same was true for determining vacant lots.

Being a computer programmer, a designed software to run on my own computer.   It was for my own use, and with no real intent to market the software. However, along with Fremont Township, and have installed and set up this program for Lincoln Township in Clare County, Surrey Township in Clare County, Chippewa Township in Isabella County, Deerfield Township in Isabella County, and Rolland Township in Isabella County, Zion Lutheran Church, Mt. Pleasant.

Cost varies because of the number of cemeteries, and complexity of the lot layouts. Most clerks enter their own initial data, but can offer to do it if it helps.   I do walk the cemeteries, and spend a considerable amount of time researching how records have been maintained. Limited or no records beyond the transit permit do lead to higher cost. In most cases, the cost of the software has been in the range between $1500.00 and $5000.00.
